SIOPOR®
FR AST

Flame retardant, anti-static hi-vis rain jacket

The Elliston is a flame retardant and anti-static hi-vis raincoat that has two contrasting colours with reflective FR strips. The fabric used is perfectly waterproof and never gives you a clammy feeling thanks to the breathable coating. A hood (sold separately) can be attached to the standing collar or it can be stored inside the jacket in a specially provided pocket. With one extra inner pocket, two patched pockets, two loops for gas detection meters and sleeve narrowing by press studs this is a very functional coat. This jacket can be combined with two separately available fleece linings that can be zipped in during colder weather.

Flame retardant, anti-static hi-vis rain jacket

Elliston - 7219A2EF7
