<b>Self-Adherent Wrap</b>																				
Self-Adherent Wrap is a cohesive elastic wrap constructed from a nonwoven material and elastic fibers. The cohesive properties allow the wrap to self-adhere without the need for skin or adhesive.																				
Self-Adherent Wrap is a cohesive elastic wrap, constructed from a nonwoven material and elastic fibers. The cohesive properties allow the wrap to self-adhere without the need for skin or adhesive.																				
Self-Adherent Wrap is intended for use as an elastic wrap to provide compression or support, or to secure dressings or devices. This product is supplied non-sterile.																				
Self-Adherent Wrap is intended for use as an elastic wrap to provide compression or support, or to secure dressings or devices. This product is supplied non-sterile.
